Professional Profile

I'm a Web developer who loves building user-friendly websites and web apps.
I've an experience to developed consumer focused websites by using HTML-5, CSS, PHP, React, Bootstrap, Foundation, Angular and JavaScript. Most recently, I've been building websites with React and PHP. I'm currently interested in learning more Bootstrap and delving deeper into React & PHP. Designed and developed web applications across multiple APIs and MySQL Databases. Ability self-manage independent projects, as well as collaborate in a team setting.

My greatest strength is my quickest learning capability and adapt to new situations, configurations and technologies.
